

## White duct system

Item	Colour	H mm	Section $\varnothing$ mm
<b>CRCE1510B</b>	white	120	from 100 to 150
<b>CRCE1512B</b>	white	120	from 125 to 150

**Description:** Eccentric reducer for round duct pipes

**Material:** ABS plastic

**Features:** The eccentric reducer allows you to join two round pipes of different diameters. It is suitable for ducting cold and hot air with a maximum temperature of +80 degrees Celsius. It is part of the ducted ventilation system which allows rapid evacuation of vapors (max 80°C) and unpleasant odors from environments such as the kitchen or bathrooms and a healthy exchange of air.
