Item	Colour	BxH mm	L mm
CRT126B	white	120x60	164
CRT157B	white	150x70	284
CRX157B	white	150x70	284

Description:

Rectangular flat joint

Material:

ABS plastic

Features:

The fittings are complete with female inlet connections and are used to connect several ducts. They are part of the ducted ventilation system which allows rapid evacuation of vapors (max 80°C) and unpleasant odors from environments such as the kitchen or bathrooms and a healthy exchange of air.
