

## Gully traps

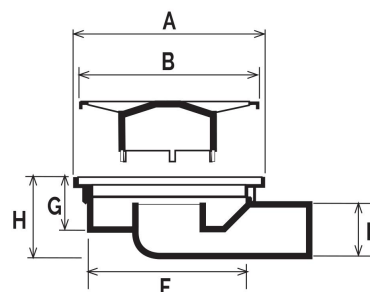

CHABS1040IN

adjustable horizontal outlet

CHABS15IN

adjustable horizontal outlet

Item	A mm	B mm	D mm	F mm	G mm	H mm	S mm	Flow l/min*	Weight g
CHABS1040IN	100	40	40	-	-	70-80	1,9	23	146
CHABS1050IN	100	40	50	-	-	70-80	1,7	23	160
CHABS15IN	148	143	50	140	45	72	-	33	292

**Warning!** For optimal adhesion, it is recommended to glue the gully trap body to the frame after determining the orientation of the drain.

**Material:** ABS

**Colour:** Frame: Light grey - Grate: Inox

**Features:** The grate is removable for all models. While only for the **CHABS1040IN** and **CHABS1050IN** manhole covers the grate holder frame can be lowered to allow the total height to be adjusted by approximately 10 mm.

\* Water flow l/min for all models according to the parameters of the standard (UNI EN1253)
