**Material:** CPAI30PP "Polypropylene" - SGRB130G "PVC" - BGP "Metal"

**Features:** The channels allow you to solve all rainwater drainage problems within car parks, courtyards, yards and garages. The channels of the PRATIKO XL line are patented and compliant with the UNI EN 1433 standard. On the internal walls of the channels there are slots for mounting the BGPs for fixing the grills for which it is intended.
