Material: PVC-U

Colour: Red RAL 8023

Features: The products of the construction fittings line to be bonded produced by First Plast are made of PVC-U in compliance with the requirements prescribed by the UNI EN1329-1:2021 standard relating to low and high temperature drainages within the structure of buildings.

The item is composed of 3 parts:

- 1 - Threaded cylindrical sleeve or with bayonet inserts at the upper end
 - 2 - Cap with thread or bayonet closure with protrusion to facilitate gripping and closing
 - 3 - Rubber O-ring fitted onto the cap in the appropriate position
- The cap is screwed onto the cylindrical tube
