

## Gutter down pipe Best **CUPRAELITE**

**BEST**  
**CUPRAELITE**

Item	Colour	Length mm	A mm	B mm	S mm	Weight g/m
TOV964R	copper effect	4000	57	92	1,6	550
TOV963R	copper effect	3000	57	92	1,6	550
TOV962R	copper effect	2000	57	92	1,6	550

**Material:** PVC-U + Technopolymers

**Features:** Gutter pipe composed of two co-extruded layers: PVC inside and mix of various polymers outside. This structure gives the external surface a metallic shine, resistance to UV rays and colour retention over time ( $\Delta E < 5$  after 5000 hour xenotest exposure).
