

Tailored telescopic grilles for walls and doors

Code base	B min-max * mm	H min-max * mm	Recessed hole dimensions mm	S min-max mm
GPC	200-1200	110-510 **	subtract 35 mm from B and H	23-47

How to compose the custom code for the order:

GPC (+ R optional insect screen) + Base mm + Height mm + Colour

Description: GPC series grille with telescopic frames and inclined flaps

Material: Aluminium

Colour: AL silver anodized - B white painted - BR bronze anodized

Features: Recommended for air intake, it can be installed both inside and outside in civil and industrial environments.

- Fixed flaps inclined at 45°
- Flap pitch 20 mm (** Height H configurable every 20 mm).
- Recessed fixing with optional clips.
- Optional insect screen.

* Larger BxH dimensions on request after checking feasibility.
